

CERTIFICATE OF COMPLIANCE

DATE: August 26th, 2025
SUBJECT: REACH Compliance

Dear Valued Customer,

With respect to the resin materials used in Nordson MEDICAL's Value Plastics and LinkTech line of products, our material suppliers have declared that no resins contain any of the Annex XV candidate chemicals proposed to be Substances of Very High Concern (SVHC) above the 0.1% threshold as stated in REACH (defined in Article 57 of Regulation (EC) No 1907/2006) as of the January 21st, 2025 REACH-247 update, with one exception noted below.

- Added June 27th, 2018: Lead is present in the LinkTech 20CB series and 40CB series products.

Declarations for specific materials can be found in the regulatory data sheets on our website, along with SDS and technical data sheets. <https://www.nordsonmedical.com/Components-and-Technologies/Fluid-Management-Components/Support/Material-Information/>

Nordson MEDICAL relies on information provided by our suppliers or vendors. That said, we do not test these products for these chemical substances. Ultimately customers must make their own determination that their use of our product is safe, lawful and suitable in their intended applications.

Please contact me with any further questions you may have. Thank you for your interest in Value Plastics and LinkTech products.
